Anjir Ahmed Chowdhury is a lecturer at the Department of CS in Primeasia University. He received Master of Science in Computer Science at American International University - Bangladesh. His research interests are in the field of Machine learning, Computer vision and pattern recognition, Natural language processing etc.

Sabrina Kashem Chowdhury received Bachelor of Science in Computer Engineering from American International University-Bangladesh. Her research interest is in Network Security and Cloud Computing.

Md. Hanif was born on 10th July, 1998 in Dinajpur, Bangladesh. He received his Bachelor of Science (B.Sc.) in Computer Engineering from American International University-Bangladesh. His research interest is focused on Artificial Intelligence, Image processing and Networking.

Sadia Noor Nosheen received the Bachelor of Science (B.Sc.) in Computer Engineering from American International University-Bangladesh in 2019. Her research interest is focuses on Networking, Artificial intelligence.

Md. Saniat Rahman Zishan received B.Sc. in Electrical and Electronic Engineering and Master of Engineering in Telecommunications degree from American International University-Bangladesh (AIUB). On September 2009, he started his teaching career as a lecturer in AIUB. At present he is serving as an Associate Professor at the Department of Electrical and Electronic Engineering (EEE) & Computer Engineering (CoE) of AIUB. He is also serving as the Head of CoE Department. He is enrolled for PhD Degree at Universiti Sultan Zainal Abidin, Malaysia. Mr. Zishan is including Wireless Communication, Signal Processing, EHealth System, Telemedicine, Robotics and AI.
